Thankyou for entering Castleton fell race, Graham Revell was not badly injured, home from hospital early hours of Saturday morning.

## Report for the Castleton Fell Race 10<sup>th</sup> June 2005

Thanks to a dramatic improvement in the weather during the race day, the 175 starters were greeted with perfect conditions for the 6 mile race along the ridge line from Lose Hill to Mam Tor. During the pre race warm-up, I mentioned to Lloyd Taggart that the long standing record was a distinct possibility with such favourable conditions. The phrase "so near yet so far" can best describe the run of Messer Taggart as he ran away from the field to record a fantastic time of 40m 34s, but just 12 seconds short of the record. Nick Leigh ran strongly for 2<sup>nd</sup> place with Andrew Middleditch in third. Further down the field Stuart Bradstock collected the spoils for 1<sup>st</sup> local and 1<sup>st</sup> V40. Ron Fawcett belied his age and came in an excellent 15<sup>th</sup> for 1<sup>st</sup> V50. The women were led home by Estelle McGuire with Rosalind Marsh making the long trip from Portsmouth all the more worthwhile by taking 2<sup>nd</sup> place. The rest of the field revelled in the evening sunlight, and for those who were not too tired on the last climb up to Mam Tor, the sight of the paragliders swooping overhead was as spectacular as the views. Many thanks to Hitch n Hike & Angie Slack for sponsoring the event, and the support of St John's Ambulance in coming to the aid of an injured runner. We look forward to introducing more runners to this superb fell race in 2006.
