Well what can I say about the weather! Can't believe we could have two years in succession with such perfect conditions.

A good quality field assembled for the second Great Wherside Race and not surprisingly a great battle developed between Ian Holmes and Rob Jebb. Rob managed to hold Ian off until the return journey, but Ian descended with his usual fortitude to steal 12 seconds off Rob at the finish.

Sharon Taylor made a big improvement of over a minute on her performance last year, to mark a new female record.

Can I please ask runners to make sure they have the kit requirements at the start. This caused the start to be delayed and a couple of runners missed the start retrieving kit from their cars. Even though it was a nice day, it is November and you are climbing to over 700 meters.

Thanks to all helpers, landowners, publicans and especially the Ron Hill clothing company for such generous sponsorship.
