Weather conditions for this years race varied from sunshine to heavy showers, to hailstones, so no records were broken.

A notable aspect of the entries was that more than two thirds of the male entry was from veteran athletes. It was a counting race in the CFR championship series and this boosted the numbers to record levels. A splendid warming tatiepot was enjoyed by all over a pint in the Screes after the race

One disappointing aspect of the race was the irresponsible behaviour of a few local runners who left the marked, right of way path and took a short cut across a field containing sheep. I had an irate farmer phoning me up the following day who was quite justified in describing the race as a shambles from his point of view.

This is the first, and I hope the last, time we have this happening. Not only does it place the race in jeopardy, alarm pregnant sheep, but it is cheating on your fellow competitors who keep to the marked course. I hope the perpetrators are duly ashamed of their behaviour.

Danny Hughes.
