The Chairman's cup has a new name on it and that name is Lee Grant, who has picked up his first win since he began fell running at the start of the year. It was a good performance too, finishing in under 22 mins with no one near him to push the pace. Karen Robertson was equally quick in the ladies race in an impressive sub-25 and 6th place overall despite a nice little 25 mile cycle ride for warm-up. There was enough beer for everyone to go home with a bottle, and www.trailguides.co.uk provided a free running guide for each of our winners. Money was raised for the local charities supported by the Simonside Show. Many thanks to my helpers, especially Steve, Lanty & Casper. Will Horsley, organiser, Forest Burn Fell Race, Northumberland.
