

With the coldest ever December in a hundred years coming to an end the weather for this race was positively balmy in comparison with all the recent snow and ice being no where to be seen. Collecting their commemorative **Daleside Old Leg Over Beer** 394 runners celebrated the years end with the 2004 & 2008 winner Andi Jones making it a hat trick of wins, after a ferocious running battle with Under 23 World Triathlon Champion Jonathan Brownlee. 32 year old Andi's efforts were so much that he was 'as sick as a dog' at the finish, which just showed how much he wanted to win and not let a young 'whip snapper' get the better of him. 'We were together most of the way, pushing each other, I just managed to get a few yards on the moor corner cut back to Penistone Hill. I just didn't know how good Jonny would be if it came to a sprint, so I kept telling myself, "come on, push on". I just couldn't relax at all especially nearing the finish, I knew he was coming, I just had to kill myself' said the design and technology teacher, who is still the record holder with 38-57 from 2008. Andi also has the distinction of being the athlete who ended Ian Holmes' 10 year reign as King of this race in 2004. 20 year old Jonny the British Olympic Association Triathlete of the year, has had a really great year, the World title in Budapest being the highlight, but after ten days warm weather training in Lanzarote, the freezing temperatures on his return when winning the Boxing Day Chevin Chase, have he says made him soft. Ian Holmes, the 12 times winner of the race, including a 'ghost' win said, 'after the beck crossing and Bully Trees climb, Andi and Jonny were a class apart, Andi definitely had the bit between his teeth. They both just moved away from the rest of us, by Top Withins I knew the race was for third between me and Chris Steele. I felt a little sorry for Chris on the return because all the support was, 'go on Holmsey', and I only heard one 'go on Chris'. Ian the four times British and five times English individual fells champion took third, and the Daleside beer pump trophy for the sixth time with Snowdon International Chris only eight seconds behind. Bingley Harriers won the mens team yet again with Jonny in second, Ian third and Lee Athersmith in ninth, Lee did his bit for the team by tugging Jonny back on to his feet, after he nearly went full length just after the start. Records normally fall by seconds for top athletes, so what does knocking six minutes thirteen seconds off a record make you? Because that is exactly what V70 Valley Strider Malcolm Coles achieved in finishing in sixty two minutes dead in 223rd position.

'Scary' Mary Wilkinson, recent winner of the Stoop race who was 30 on Boxing day celebrated by winning the ladies tiara in a new record of 46-33 taking 32 seconds off Olivia Walwyn's 2007 record. 'Under 18 Nichola Jackson just like at the Stoop set off like a hare, then it was Jo Buckley and me along the track until the descent into the beck. At the trig point I had about 40 seconds over Jo, and enjoyed flying down the moor on to the Pennine Way. I looked at my watch before the descent back into the fields and thought with 10 minutes to go to beat the record, it would be a piece of cake. But it wasn't at all, out of the beck on that killer climb my quads were on fire and calves screaming, even on the good track back my legs just wouldn't go any faster, it was horrible! But I am so pleased to get the record, after having to take a month out after the Europeans through injury, it's great to be back!' said a very happy Mary. Mary had targeted the Stoop and Auld Lang Syne when injured as her come back races, while she worked so hard cross training with great friend Ann Buckley. They have been competing in mountain bike endurance events and cycle hill climb races, which Mary reckons is the ultimate pain event, but doing these events and doing hours of core stability exercises has kept her sane! Jo finished second with Helen Glover third just like at the Stoop race, although here Helen was chasing down British Triathlon head coach Joel Filiol, who enjoyed his first fells experience. Local girl Margaret Jagan who lives virtually on the route won the FV60 in a new record time of 63-02, taking 1-43 off Jenny Vesey's 2008 time competing in the colours of the Craven Energy Tri Club. The ladies team prize went to Ilkley Harriers with Sally Morley in fifth, Sally Malir, eighteenth and Sharon in twenty third. Julie Garner of Dark Peak Fell Runners ended the year on a high by proving that blondes do have more fun as she achieved her target of 50 races at 50 years of age, and with all the snow and ice of late causing race cancellations it was touch and go at points.

One of the growing features of this race is the fancy dress element which excelled this year with the winners being Clive Greatorex – Gorilla, Gail Tombs – Cleopatra, George Arnold – Viking Warrior, Mark Birbeck – Elvis the King, Mick Green – Mad Hatter, Gordon Thompson – Batman, Sophie Brown – The Mummy and Lisa McKeivitt – the French Maid who all took home a pack of Daleside English Pride beer. A special thanks and mention must go to all the helping hands who make this race what it is – without them races just wouldn't exist!
