

The Brownlee family bragging rights went to 23 year old Alistair as he just had the edge on younger brother Jonny, who finished second for the second year in succession, last year it was to Andi Jones. The Haworth Moor **Daleside** Auld Lang Syne race is a far cry from the Olympics in London where both have been selected to compete in the triathlon. The moor was at it's best, wet, muddy and very testing with standing water in many places and a strong wind facing the 401 runners. But the World Championship Triathlon Brownlee pair stormed away from the off and even the swollen Sladen Beck crossing couldn't put a dampner on these two as they took it in turns into the wind along the Pennine Way to Top Withins ruin and Stanbury Trig Point. 'I took the lead fifty yards from the Trig and on the rough descent back to the Pennine Way took my chance. Out of Sladen Beck I just kept pushing, knowing that Jonny never gives up. I crossed the line, tired, exhausted, knackered, but very happy to win the race for the third time. Two races, the Reebok 10k (29.15) and this have taken their toll, but I'm happy to be running so well in December because last year I was injured. After the prize giving fun we celebrated the New Year in Ilkley,' said Alistair. Both these athletes have competed for many years in this race and Jonny said, 'Ali is fresher than me at the moment, and just had the edge, he even pulled a few more seconds out of me on the last really muddy moorland crossing back to the finish. This is my fifth year here, and it's always so much fun. The 2008 race was amazing everybody finished with grey hair because of the freezing conditions and had ice crystals everywhere. I crossed the line and my shoes were frozen solid, where as today the weather was boiling. Training is going well especially after winning the Chevin Chase for the second time, although all this rain is getting to be a bit tedious, wouldn't mind some snow,' said Jonny the current Yorkshire Cross Country champion, who will be defending his title on Saturday. Their nearest rival was 2 minutes behind in the shape of the Lakelander Chris Steele, 12 times ALS winner Ian Holmes had a nightmare start, tripping in Penistone Hill Quarry and spent the race chasing the rest, 46 year old Ian pulled through amazingly to seventh to win the V40 title for the seventh time, and get revenge on Stoop winner Sam Tosh. V50 Phil Taylor took that beer pump trophy for the third time with Steve Carter the V60's and 'Caveman' Norman Bush the V70's.

England internationals finished in the first four, 27 year old Katie Walshaw won the ladies race finishing 35th overall with Withins Skyline winner Jo Buckley second, Kate Bailey third and youngster Beckie Taylor fourth. 'I really loved that, mud, river crossings, anything a little mad I really enjoy. I wanted to finish in the first fifty so my new coach Kath Farquhar will be chuffed. I want to focus on the fells and Mountain Running, and maybe after this win I'll start to believe in myself more, especially since I had tonsillitis over Christmas and didn't believe I was that fit,' said the West Yorkshire XC series champion who is a teaching assistant.

Fell runners are an extreme breed and the fancy dress definitely proved that, with Clive Greatorex and Phil Cooke providing the most entertainment dressed as Rudolph the Red Nosed Reindeer pulling a sleigh with presents, how they completed the course is a mystery but their was no flying involved! Others to bring laughter on a overcast day were Sam Watson and Shaun Lennon running in The Wharfedale Bath Tub, Colin Moses in full Zulu Warrior attire, Sophie Brown as a bouncy Tigger, Sarah Smith as a honey loving Bumble Bee, Mark Birbeck as an Arab and Janet Chaplin as Mrs. Claus all these won **Daleside** gift packs. But their was so many that official starter Louis Holmes was spoilt for choice, just look at all the photo evidence. Even the official race sweeper, Dave Throup, was swept up in the fancy dress, as he dressed up as Trigger from Only Fools and Horses and carried a big broom. A special thanks and mention must go to all the helping hands who make this race what it is – without them the race simply couldn't go ahead.
