26	S. Watson	CFR	MV60	39.35
27	R. Johnson	U/A	MV50	40.20

A new venue for the show and a new race up, or to be more accurate, part way up Dodd Fell with a long run through fields on the way out and back and back, and a very steep climb to the check -point. and back, Comments after the race were favourable, most people seeming to enjoy it (memory is a wonderful thing!). The weather wasn't particularly kind, the wind especially being very strong, but it all added to the interest. My thanks to Jim and June Hall, Steve Harwood, Angela Brand-Barker, and members of Cockermouth Rescue team for their invaluable help - it even allowed me to run.

Lyn Thompson
